Stand-Up Meeting Log

- Sprint 1 (March 22 – April 12)
    - 3/22:
        - **In class:** Posted our project proposal in our files section of team channel and assigned group members to different sections in order to complete it by our sprint meeting at 2.
        - **Sprint Meeting:** Went over our project proposal with our mentor, completed the Sprint 1 planning document, set our goals for our sprint and assigned tasks to complete, received feedback from our mentor.
    - 3/24: Went over Sprint 1 planning document and began assigning tasks. Ria and Vidy are working on the front end and need to install flutter to create the screens and Deep and Illya are working on the back end and are looking into Spotify's API.
    - 3/25 (in class): Group updates. Vidy and Ria still need to download flutter and Deep has begun looking into Spotify's API.
    - 3/29 (in class): Group updates. Vidy and Ria have downloaded flutter. Deep is looking into what data he can and can't gather from a playlist from Spotify and Illya is looking into Spotify's API.
    - 4/1 (in class): Group Updates. Vidy and Ria are experimenting and familiarizing themselves with flutter and Deep and Illya have a good idea of what statistics they can gather on a playlist from Spotify.
    - 4/10: Sprint 1 review and retrospective posted in the team's channel and tasks assigned on who is going to complete which section.
- Sprint 2 (April 12 – April 26)
    - 4/12 (Sprint Meeting): Complete Sprint 2 Planning document and discuss with Mrs. Kankelborg and mentor about how we need an MVP this sprint and we need to start on creating our project.
    - 4/15: Go over progress from Spring break. Front end and back end have separate progress but needs to be integrated together.
    - 4/17: Went over progress. Integrated the back end to the front end so that a user can input a playlist in the duel or statistics screen that was created by Vidy and Ria and produce statistics gathered from Spotify's API that Deep and Illya coded.
    - 4/19 (in class): First day of in person school. Deep and Ria are in person and Vidy and Illya are at home. Familiarizing ourselves with new setup and group dynamic. Assign tasks to get Sprint 2 goals complete before Sprint 3 meeting.
    - 4/22 (in class): Assign tasks to get demo video done before Sprint 3 meeting. App is working well and Vidy is going to upload the video.
    - 4/24: Posted the Sprint 2 Review and Retrospective document in our teams' channel and filled it out together in preparation for our Sprint 3 meeting. Had our initial MVP and product demo done.
- Sprint 3 (April 26 – May 10)
    - 4/26:

- - - **In class:** Went over our Sprint 2 review and retrospective document to make sure it is completely filled out and then posted our Sprint 3 planning document for our Sprint meeting
    - **Sprint Meeting:** Filled out our Sprint 3 planning document. discussed our MVP and product demo with mentor and received feedback.
  - **4/29 (in class):** Went over Sprint 3 planning document and assigned tasks for the Sprint. Additionally, went over progress since Sprint 3 meeting. No one had really worked on the project since the meeting.
  - **5/1:** Created our backlog which should've been done earlier but included all our features that we have completed and need to complete.
  - **5/3 (in class):** Group Updates. Since the last meeting, we were able to complete the mainstream meter.
  - **5/6 (in class):** Delegate tasks on how we are going to complete the 2nd demo video before Sprint 4 meeting and who is going to be in charge of uploading the video – Vidy.
  - **5/8:** Posted Sprint 3 Review and Retrospective document in our teams' channel and filled it out as a group before our Sprint 4 meeting. Finished our 2nd product demo.
- Sprint 4 (May 10 – May 20)
  - **5/10:**
    - **In class:** Went over Sprint 3 Review and Retrospective document before our Spring 4 meeting and posted our Sprint 4 planning document in our files section of our teams' channel. Also made sure our 2nd product demo video was posted.
    - **Sprint Meeting:** Completed Sprint 4 planning document and discussed what we needed to finish by 5/18 which is when our deliverables are due and 5/20 which is when our presentation is. Also received feedback from our mentor. Illya was not present due to a doctor's appointment.
  - **5/13 (in class):** Went over progress since sprint meeting including what statistics we have finalized. We also discussed what we need to complete such as the recommend feature and if it is a viable option given our time constraints with less than a week left.
  - **5/15:** Delegated project deliverables. (Vidy – snapshot of sprint progress, Deep – Test documentation, Ria – Stand-up meeting log, Illya - completed artifacts from previous assignments) Each person in responsible for making sure these documents end up in our private teams' channel and GitHub documents folder but they are NOT individually completing each document.
  - **5/17 (in class):** Shared PowerPoint and delegated who creates and speaks on each slide. Set a deadline to be finished with slides and ready to practice presenting.
  - **5/20 (in class):** Project Presentation
